Get Perk'd Final Launch Checklist (Pending Twilio Approval)

Launch Readiness Score: 91%

Goal: Reach 100% readiness TODAY using sandbox/test environments where needed

CRITICAL BLOCKERS (TO COMPLETE TODAY)

1. API Credential Setup (TEST KEYS PLUG-IN)

Service	Status	Notes
Stripe	Test Key Ready	Plug in and validate test merchant subscription flow
SendGrid	Test Key Ready	Plug in, validate 3 core email flows
Twilio	Test Key Ready	A2P 10DLC pending Use test sandbox or fallback logic temporarily

Action: Pass to Replit team to wire in test credentials and validate sandbox flows

2. Mobile Responsiveness & UX Testing

Time Estimate: 45 minutes

Devices: iPhone + Android

Test Checklist:

  - QR Code scanning

  - Navbar behavior for all roles

  - Button spacing, readability, tap accuracy

  - Modal dialog flow (reward redemption)

  - Leaderboard scroll/UX behavior

Action: Pass mobile checklist PDF to QA team / Replit and log issues

3. Performance Load Testing

Time Estimate: 3045 minutes

Simulation: 50+ concurrent users

Metrics to Validate:

  - API response time < 20ms (maintained under load)

  - Database query throughput

  - Memory usage stability

  - Crash recovery / error logs

Action: Run synthetic load tests and report summary

MINOR TASKS (CLEANUP FOR LAUNCH POLISH)

4. SendGrid Email Logic

- Validate templates and flow

5. UI Error Logging Cleanup

- Clean up console.error in:

Note: Not launch-blocking but ideal for production polish

COMPLETED SYSTEMS

- QR Hall of Fame (First 100 scanners)

- UTSA QR Drop Zones

- Social Toolkit (stories, IG, launch vid)

- Investor Prep PDFs + Leave-Behind

- Print Deployment / Vendor Files
